## About:

Conical Technologies is a dynamic company based in South Africa, founded in 2008. We specialize in various sectors within the automation and communication industries, which allows us to cater to a wide sphere of businesses.

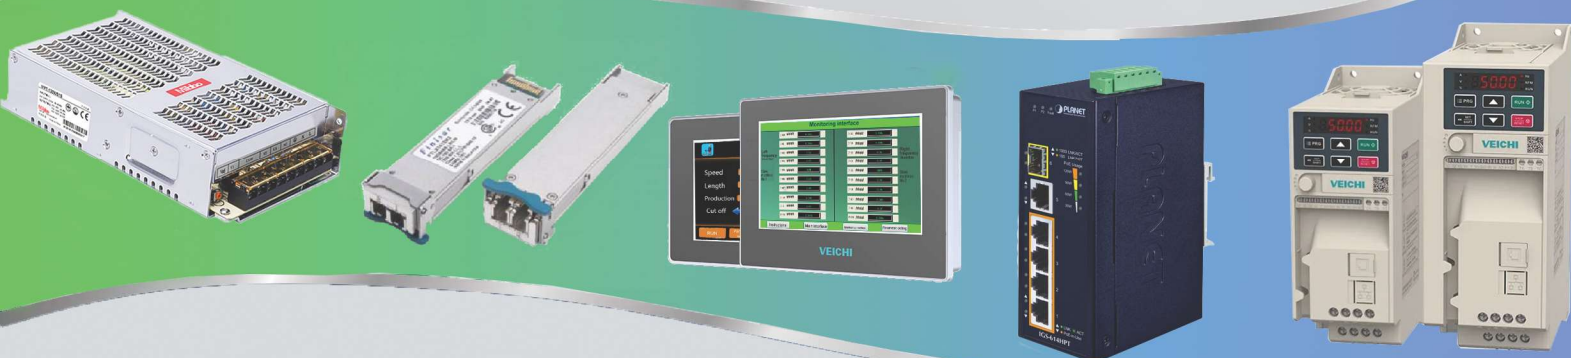

Our company has established distribution agreements with several leading equipment manufacturers to ensure effective and sustainable sales and support channels. These equipment manufacturers offer a wide range of products and services

:

- Din-Rail power supplies
- Metal encased power supplies
- DC to DC Converters
- Din-Rail UPS systems
- RF & Microwave filters and Components
- Rugged enclosures
- Lithium and Sodium Cells
- Battery and Generator Test systems
- PLC's & HMI's
- SFP modules
- EMI-RFI absorber and EMI filter solutions
- Oscilloscopes and other instruments

Our professional services include:

- Power quality testing and reporting
- EMC enclosure design
- Custom power supply solution design
- Battery capacity testing and evaluation

## Power Products

- AC to DC Power Supplies
- Configurable Power Supplies
- Din-Rail Power Supplies
- Electronic Loads
- Industrial DC to DC Converters
- Lab Power Supplies
- Lightning Arrestors
- Lithium Batteries
- Railway DC to DC Converters
- Power Factor Correction Modules

## Services

- Power Quality Monitoring
- Power Quality Reporting
- Power filter solutions
- EMC investigations

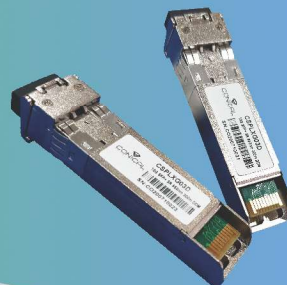

## Automation Parts

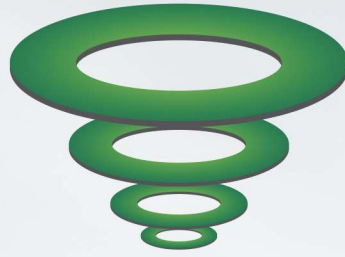

- PLC's
- VSD Drives
- Din-Rail Routers
- Din-Rail Switches
- Access Points
- Din-Rail UPS
- Din-Rail Power Supplies
- HMI's

## EMC Products

- EMF/EMC Monitoring Devices
- Power Line Filters
- EMC Absorber Material
- EMC Shielded Doors
- Honeycomb Vents
- EMS Filters
- RF PC Boards
- Rugged Enclosures 19" racks
- Surge Arrestors
